

TRANSPARENCY FAIRNESS INTEGRITY

PRESS RELEASE

7TH MAY, 2024

INITIAL CHALLENGES WITH THE REGISTRATION EXERCISE

The Commission wishes to bring to the attention of the General Public that, following our monitoring of the Voters Registration Exercise this morning, we observed some technical challenges with internet connectivity in a number of our Centres. This delayed the start of the registration at a number of the Registration Centres.

We are happy to note that by 12pm, the technical issues in most of the Registration Centres had been resolved. Consequently, the Registration Exercise is proceeding smoothly in almost all the Registration Centres nationwide.

The Commission will continue to monitor the Registration Exercise and promptly address any issues that may arise.

We encourage all qualified applicants to avail themselves and register to vote in their respective districts.

ELECTIONS 2024 – YOUR VOTE, YOUR FUTURE

MR. MICHAEL BOADU
AG. DIRECTOR, PUBLIC AFFAIRS
